# Coronavirus Vaccination
## Information for Patients

get checked out

If people with a learning disability get Coronavirus it can sometimes make them **very** poorly.

To protect people with a learning disability you will be invited to have a Coronavirus vaccination.

The Coronavirus vaccination has been made to **help protect you.**

The vaccinations have been tested and very few people have had a serious side effect after their vaccination.

If you are on the Learning Disability register, a health professional **may** get in touch to ask if you want the Coronavirus vaccination.

If you need **Reasonable Adjustments**, you can find help here:

https://www.learningdisabilityservice-leeds.nhs.uk/wp-content/uploads/2023/03/Reasonable-adjustments-Alert-updated-March-23.pdf

You can get your Coronavirus vaccination at a **pharmacy**.

You can find out which **pharmacies** have the Coronavirus vaccination here:

https://www.nhs.uk/service-search/pharmacy/find-a-pharmacy-offering-COVID-19-vaccination-services
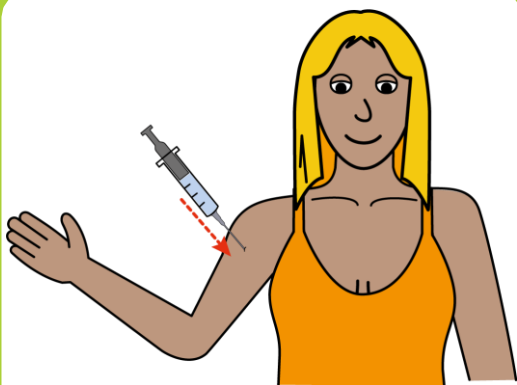

You can also book your Coronavirus vaccination:

- On the **NHS app**.
- By **telephoning** the free number **119**
- By **texting** the free number **1800 1119**
- Online at:

 https://www.nhs. uk/nhs-services/covid-19-services/covid-19-vaccination-services/book-covid-19-vaccination/

You **must tell** the **person** who **gives you the vaccination** if you have **ever** had a **serious allergic reaction**.

The Coronavirus vaccination will go into the **top of your arm.**

The vaccination doesn't hurt but you may **feel a little scratch.**

You may have some **side effects** after the vaccination:

- **Sore arm** where the needle went in

- **Feeling tired**

- **A headache**

- **Feeling achy**

If your **symptoms get worse** or you are **worried call 111**
