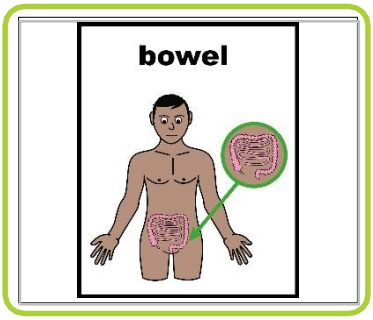
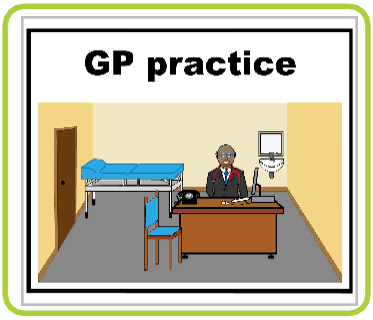
Breast Cancer Screening-Your GP Can Help



Breast Cancer Screening is a Xray test to look for early signs of cancer.

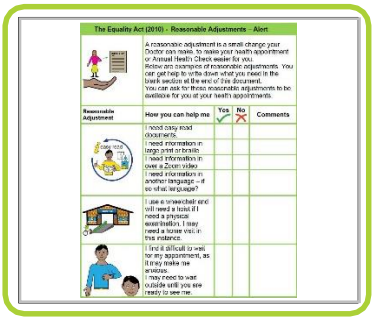
Breast Cancer can be treated if it is found early.



People with breasts are invited to have a screening test every 3 years from the age of 50 until 71.

Your GP Surgery wants to help you have your Breast Cancer Screening.

Do you need help to access Breast Cancer Screening?
Would you like more information?
Please ask us for help.
You or your carer can phone us or come to surgery with this letter.



We can help you fill out a Reasonable Adjustment Alert.

This is how you can tell us what you need.

This will help us understand how to help you.

We will tell you who will help you with your Breast Cancer Screening Appointment.
