

Creating your learning account on the Leeds Health and Care Academy portal

	Click the link below to access the Leeds Health and Care Academy portal. Leeds Health and Care Learning Portal: Log in to the site
	You should then see this page. Click on create a new account.
	To continue, you must provide your consent. Then click submit.
	From the new account page. Fill in your details. You must use your work email address otherwise the academy and the trust will not recognise you or your learning.
	Then complete the self-registration page. All boxes with a * must be completed.
	When choosing “my organisation” type in Leeds and then choose from the list of teams.

Creating your learning account on the Leeds Health and Care Academy portal

	Once you have completed the above information. At the bottom of the page you will then see this:
	First, click the “I am not a robot”
	Then click “Create my new account”
	You will then receive an email into your work email account Remember this is the only email account you can register with.
	You will have to verify your account by clicking the link on the Health and Care Academy email in your inbox. Remember, this must be a work email address.
	Your account should now be active and ready for you to book onto the training. If you have any problems, you can ask at: lypft.ommtsubjectmatterexperts@nhs.net
